The Tropicana turns up the heat with new Havana Rooftop Slots and Rumba Lounge

ATLANTIC CITY, NJ (May 15, 2008) – The Tropicana Casino and Resort takes excitement to the edge and beyond with two tempting new destinations that capture the exotic spirit of Cuba: Havana Rooftop Slots and Rumba Lounge.

Havana Rooftop Slots:

Now open, Havana Rooftop Slots is a 3,000 square-foot raised section of the Tropicana casino that has been completely transformed to whisk slot players to a sky-high party in Old Havana.

Visitors to the new slot area are greeted by specially uniformed staff and surrounded with the sights, sounds, smells, and tastes of Cuba. Authentic Cuban music, vivid artwork, specialty drinks and coffees, festive lighting, and the faintest aromas of citrus and fine cigars will entice the senses while players enjoy the latest in slot technology and entertainment, further distinguishing the Tropicana as *the* destination of choice for gaming enthusiasts. Players will also be able to try their luck with a series of exclusive Havana Gold™ progressive-link slots, which have been custom-themed for the project.

Rumba Lounge:

At 2 p.m. on Saturday, May 24, 2008, alternative rock band Sister Hazel will cut the ribbon for the grand opening of a tempting new oasis right on the casino floor. The Rumba Lounge captures the essence of the islands with tropical cocktails and island music. Adding to the exciting are bar-top video poker slots, so gaming enthusiasts can keep the action going. The Rumba Lounge features a full panoramic view of the surrounding gaming floor along with Plasma TVs broadcasting the latest sporting events. This sultry new hot is open seven days a week and is home to live entertainment every weekend.
